SCDOT 2021-2022 Pavement Improvement Program

I certify that the projects recommended on the following pages for the 2021-2022 Pavement Improvement Program were selected utilizing ranking processes that are based on objective and quantifiable factors, comply with the Ten-Year Plan, support the performance targets established in the Transportation Asset Management Plan and utilize a county by county distribution of paving funds in order to ensure that every county of the state is guaranteed paving funds.

The additional 977+ miles of paving projects contained in 2021-2022 Pavement Improvement Program will be added to the previously approved 4,061+ miles of paving projects advanced since the implementation of Act 40 of 2017 and incorporated into the "New Gas Tax Trust Fund" transparency and accountability reports.
